

## Shaoxing King Fabric Textetile Co., Ltd.

Coral Fleece is a new fabric. just as its name suggests, colorful, covering good showing. It is a new fabric, fine texture, soft touch, not easy to shed hair, not pilling, not off color, no stimulation of the skin, not allergic. Beautiful appearance, rich colors. Common Coral Fleece is made of polyester fibers DTY150D / 288f and DTY150D / 144F, 100D/144 which have excellent softness.

Coral fleece has Double side and single side. single side was made from greige fabric production, Procedure includes cutting, dyeing and heat setting. This weight is lighter than double side, about 160-250gsm.

Double-sided has one more brushing back side procedure than single side fabric. Weight can be 250-380gsm.

The end use of this fabric on the market  
Toys, Sleepwear/bath robe, Pet cloth, Slippers, Carpet/blankets etc.

**Advantage of coral fleece:**

**Soft handfeel:** the fabric has excellent softness due to its fine filament length and small bending modulus.

**Good Coverage:** Because of the high density between fibers, large specific surface area, so good coverage.

**Good serviceability:** Because the fiber has a larger specific surface area, and therefore has a higher wicking effect and breathability, Wear Comfort

**Good detergency:** Because the fabric is supple, can be wiped with the object closely, and so has a good cleaning effect.

**Optical:** Due to the fiber specific surface area, the poor light reflection on the surface of the fiber assembly, therefore, the fabric made of this fiber, elegant, soft color.

**Weakness of coral fleece**

**Easy be static.**

**Fleece Easy dropping:** This fleece hair is easy dropping because of the weaving principle, So wash before wearing. (dry skin in winter, wipe moisturizer before wearing, or use antistatic detergent when washing).

Recommended that people with skin allergies and asthma should avoid wearing the fabric

**Washing care instruction:**

Dark color washing by cold water at the first time, light-colore does not matter, can be machine-washed.
